

Date: 08/08/2018

Recording: Jiaqi Han

Attendance: Samuel, Jiaqi Han, Huan Wang, Deepti

Tracking: 2G is enough, but 3G in car already.

Stations: condition of the car, charge

Focus on data analysis (compare).

Large database in SQL

Not good data (2013).

2 layers

1. tracking the car and get data.
2. data analysis and visualization.

Language: php, python. Can't use google chart.
